

Supplier Risk & Resilience Assessment™ Overview

The **Supplier Risk & Resilience Assessment™** provides a structured, insight-led evaluation of how effectively your organisation identifies, assesses, and mitigates supplier risk across the end-to-end supply chain. Built for senior procurement, risk, and supply chain leaders, this assessment goes beyond traditional risk checklists. It diagnoses real operating capability, highlighting gaps in visibility, resilience, and response that can materially impact business continuity and performance. A consulting-grade diagnostic designed to evaluate and strengthen supply chain risk management and resilience.

How It Works

- 40 targeted questions across 5 critical areas
- Takes approximately 8–10 minutes to complete
- Multiple-choice format designed to assess maturity levels
- Instant insight into strengths, gaps, and priorities

What You Get

- A clear view of your **supplier risk maturity**
- Identification of **critical vulnerabilities and exposure points**
- Insight into your ability to **withstand and respond to disruption**
- A foundation for building a **more resilient and risk-intelligent supply chain**

Assessment Framework

The **Supplier Risk & Resilience Assessment™** diagnostic includes **40 targeted questions** across five critical areas:

1. Supplier Risk Visibility (8 Questions)
Multi-tier transparency, financial risk, and external risk intelligence
2. Risk Assessment & Controls (8 Questions)
Methodologies, thresholds, and third-party risk management
3. Resilience & Continuity (8 Questions)
Business continuity planning, diversification, and disruption readiness
4. Monitoring & Response (8 Questions)
Real-time risk monitoring, escalation, and incident management
5. Governance & Culture (8 Questions)
Ownership, alignment to enterprise risk, and organisational capability

Why It's Different

This assessment is built using **real supply chain risk levers**—reflecting how leading organisations manage supplier risk in an increasingly volatile global environment.

Who It's For

- Chief Procurement Officers (CPOs)
- Procurement Directors & Heads of Function
- Risk Management and Supply Chain Leaders

Maximise Your Results

To get the most value from the assessment, answer each question honestly and avoid “sugar-coated” responses. The more accurate your input, the more meaningful and actionable your results will be.

Licensing, usage, intended purpose and limitations
